"Let's Talk"
LSS Program for Parents
(adapted from the Hanen Centre's program "It Takes Two to Talk")
(www.hanen.org)

This program is a fun, family-focused program for parents of children who are delayed in their speech and language development. "Let's Talk" is a modified program of the Hanen Centre's program called "It Takes Two to Talk." It uses the key concepts of the original program but only requires 4 classes and 2 home visit/videotaping sessions.

A Hanen-certified Speech Pathologist leads the class. Both parents and any significant care providers are encouraged to attend the classes. Through a variety of activities and group discussions, parents will learn how to create opportunities and take advantage of daily activities to help their child communicate.

You are the most important people in your child's life. With some coaching and individualized strategies, you will be able to help your child become a more confident communicator.
