

Waukesha County Public Access Document Search
Finding & Purchasing Documents from Public Access

NOTE: PURSUANT TO A LOCAL ORDINANCE, YOU ARE UNABLE TO SEARCH OUR RECORDS BY NAME. YOU MUST USE THE LEGAL DESCRIPTION OF THE PROPERTY YOU ARE INTERESTED IN. ADDITIONALLY, YOU ARE UNABLE TO SEARCH BY TAX KEY AS THESE KEYS CHANGE FREQUENTLY AND ARE MOSTLY INACCURATE.

In order to search for records, you will need to have a legal description for your property. *Please note that this is not the same thing as your property address or tax key number.*

If you do not have your legal description, please continue to follow step 1 to get your legal description.

[If you already have a legal description handy and are ready to search the records, click here to skip to searching the records.](#)

[If you already have a document number, reel/image number, or volume/page number, click here to learn more about accessing your document.](#)

[If you have additional questions about using Public Access, please click here to read our FAQs at the end of this guide.](#)

Step 1: Finding your legal description.

A condensed version of this can be found by visiting our Tax Listing website at <http://tax.waukeshacounty.gov>. Input the address you would like to find documents for and click “search.”

Enter Tax Key, Address or Name here:

You’ll then see a results page. Click on the “*listing*” arrow to go to that address’ tax listing page.

Here you will be able to find the condensed legal description of the property. This is a subdivision, or “platted description.” If your legal description is a subdivision, you will need to take note of any lot numbers, block numbers, and the subdivision name.

This is our legal description for an unplatted description, sometimes referred to as a “quarter section” or a “metes and bounds” legal description.

Be aware that if your legal description is this type of legal description, you will want to have additional search criteria, such as a date, as a quarter section will contain many other parcels. Please limit your search options by date, as there is a maximum number of results.

Public Access FAQs:

How far back can I search on your website?

Currently, the records on the website go back to 1953. However, documents from 1953 to 1994 must have the document location (Document #, Reel/Image, or Volume/Page) to be accessed online. Indexing data for those documents is currently not available.

Can I use your Public Access Document search on my phone, tablet, or other mobile device?

No. While we've upgraded to enable users to use Internet Explorer, Chrome, and Firefox, you must use a desktop or laptop computer. You may have difficulties viewing and purchasing documents on a mobile device.

I entered my document number under "Instrument #," how come no results came up?

Please make sure that you've entered your document number under the "General" section at the top. If you've entered it under the heading that says "Cross references," it will only search documents that list your document as a cross reference.

I have an unplatted description, how can I narrow down my results?

You can further search by a date range, or sort your results alphabetically.

Can I search by name?

No, local ordinance prevents the search of a name outside of the Register of Deeds office.

I entered my tax key number, but no results popped up.

You cannot search by tax key number. Parcel numbers change infrequently, and are often incorrect on documents. Therefore, the field is inactive, and will not yield results for your search.
