

WHAT IS DELTA 8?

Referred as "Diet Weed," Delta 8 is a form of THC that is currently legal in Wisconsin. This is due to a loophole found through the 2018 Farm Bill by changing one chemical bond in the hemp plant.

HEALTH EFFECTS:

Health problems associated with Delta 8 can be anxiety, depression, vomiting, dizziness, psychosis, poisonings and more...

FAQ's:

Is Delta 8 legal?

Yes. Due to a loophole through the 2017 Farm Bill.

Will I test positive on a drug test?

YES. You will test positive for THC on a drug test.

Long term health effects?

There are so few studies - the long term effects still need to be researched.

What is in my product?

With no regulations on Delta 8 - this means there are no regulations on what is put in a product - and how it is made.

PRODUCTS:

Check out this candy and refreshing drink that contains Delta 8! Would you tell the difference?
