**BACKGROUND ON LAKE USAGE REPORT**

Due to a number of complaints by property owners about boating activity on North Lake, NLMD prepared a questionnaire for property owners to obtain their opinion on potential boating restrictions on North Lake. There was some concern over the questionnaire sent to the property owners and, as a result, NLMD established the "Lake Usage Committee" to perform research and make recommendations concerning boating activity on North Lake.

The committee was represented by "property owners" who had various interests such as fishing, kayaking, pontooning, water skiing, wake boarding, etc. The committee consisted of 11 members and met on a constant basis from January, 2019, thru May, 2019. As a result, the committee has issued the "Lake Usage Report" which will be discussed at the Special Meeting on Tuesday, June 25, 2019. The report has been discussed and approved by the NLMD Commissioners. The specific recommendations of the committee can be found on pages 16 thru 18.

The report was distributed or is available in the following ways:

1. A copy was emailed to all property owners for which NLMD has email addresses.
2. A copy can be found on our web site – NLMD.org
3. Copies are available at the Town of Merton
4. Copies will be available at the Special Meeting on Tuesday, June 25, 2019

Please bring the report with you to the meeting. We look forward to seeing you on the 25<sup>th</sup>.

NLMD Commissioners
