

#### Presented by:

Hon. Maria Lazar, Circuit Court Judge Rebecca Luczaj, CJCC Coordinator January 17, 2019

#### **Adult Drug Court Definition**

A court program managed by a multidisciplinary team that responds to the offenses and treatment needs of offenders who have a drug addiction through:

- ✓ Early, continuous, and intense treatment
- ✓ Close judicial supervision and involvement
- Mandatory and random drug testing
- ✓ Community supervision
- ✓ Use of appropriate incentives and sanctions
- ✓ Recovery support services/continuing care

(Bureau of Justice Assistance, 2015)

#### **NADCP Recommended Model**

- Post plea, pre-adjudication
- Prosecutor as gatekeeper, but allow for collaborative team decision-making
- Target only serious, high-risk offenders

#### TEN KEY COMPONENTS

- Developed in 1996
- Essential components of Drug Court model
- Core framework for all Problem-Solving Courts
- How well Drug Courts reduce crime & save money depends largely on their fidelity to the 10 Key Components

Source: BJA/NDCI July 2011

#### **Key Component #1**

Drug courts integrate alcohol and other drug treatment services with justice system case processing.

#### Key Component #2

Using a non-adversarial approach, prosecution and defense counsel promote public safety while protecting participants' due process rights.

#### **Key Component #3**

Eligible participants are identified early and promptly placed in the drug court program.

#### **Key Component #4**

Drug courts provide access to a continuum of alcohol, drug, and other related treatment and rehabilitation services.

**Key Component #5** 

Abstinence is monitored by frequent alcohol and other drug testing.

#### **Key Component #6**

A coordinated strategy governs drug court responses to participants' compliance.

**Key Component #7** 

Ongoing judicial interaction with each drug court participant is essential.

#### **Key Component #8**

Monitoring and evaluation measure the achievement of program goals and gauge effectiveness.

#### **Key Component #9**

Continuing interdisciplinary education promotes effective drug court planning, implementation, and operations.

#### Key Component #10

Forging partnerships among drug courts, public agencies, and community-based organizations generates local support and enhances drug court program effectiveness.
