4-H is a civic educational organization developing positive families!

Volunteer Today

The Power of Positive Engagement!

Adult volunteers are essential to the 4-H program. Volunteers put 4-H's researched-based, learn-by-doing model in action. They help youth learn and practice skills such as problem solving, decision making, and communicating – skills crucial for their success in school, careers, and communities. There are many adult volunteers that have fun while making a positive impact on the youth in Waukesha County.
Would you like to join them?

Volunteers contribute their time in a variety of ways; sharing a specific skill with a small group as a project leader, chaperoning at camp, serving on a committee or helping in the UW–Madison Extension office. Review the wide variety of project areas Waukesha County offers to see if there is a skill set you have that you'd like to teach to youth.

Volunteer registration, trainings and a successful background check are ALL required to work with 4-H Youth

For more information about becoming a 4-H Volunteer contact Waukesha County Youth & Family Educator, James Boling at 262-548-7784 or james.boling@wisc.edu

COMPASSION GROWS HERE.
