

OUTSTANDING DEBT PER CAPITA

Outstanding debt is defined as the remaining principal on general obligation bonds which the County has pledged its full faith and credit, and unlimited taxing power. Dividing the outstanding debt by the current population is another indicator of the burden on the community of the general obligation debt issued. In 1998, \$4.5 million of fund balance was used for additional debt redemption of the 1992 note and in 1999 \$2.35 million was used to pay \$2.35 million of the 1993B debt issue. In 2001, the County refinanced \$16.4 million of debt issued between 1994 and 1996 resulting in future interest savings. The 2002 budget of \$9.9 million was modified to borrow an additional \$4.7 million and reduce the planned 2003 borrowing of \$18.4 million to \$13.5 million to take advantage of historically low interest rates in 2002. The bond issues were increased in 2002-2004 to fund a Justice Center addition project for \$34 million, with additional borrowing over the following two years. The County retired \$2.8 million of the remaining 1997 debt in 2004 with the use of General Fund balance. In 2007, the County paid down \$1.5 million of the 2000 debt issue. In 2008, borrowing was reduced from \$12,000,000 in the 2008 adopted budget to \$10,000,000 with the appropriation of general fund balance available from favorable 2007 year end results.
