Improvement Description:

(Indicate the Improvement Option that Applies -- Option "A", "B" or "C")

Option "A"----Indicate the Improvement Type That Applies:	
<input type="checkbox"/> Swimming Pool <input type="checkbox"/> Wooden Deck <input type="checkbox"/> Pole Building <input type="checkbox"/> Outbuilding <input type="checkbox"/> Garage	
Attach survey, blueprints or plans to this application showing the dimensions and location of the proposed improvement on the property.	
Option "B"	Option "C"
<input type="checkbox"/> Building addition and/or remodeling. No change in number of bedrooms. <hr/> Provide a description of the building and/or remodeling project. Attach a survey, blueprints and/or plans of the proposed improvement to this application.	<input type="checkbox"/> Residential: Building addition and/or remodeling that will result in an increase or decrease in number of bedrooms. *Please read and sign the statement below. Existing # of Bedrooms: _____ Proposed # of Bedrooms: _____ <input type="checkbox"/> Public/Commercial: Building addition and/or remodeling that will result in an increase, decrease or change of building use or operation. * Please read and sign the statement below. Increase in Building Usage <input type="checkbox"/> Same Usage <input type="checkbox"/> Decrease in Building Usage <input type="checkbox"/> Change of use <input type="checkbox"/> * May require a soil test pit and system evaluation.
<p>*The purpose of the soil test pit and soil profile evaluation is to determine whether the existing private sewage system is in an area having a high water table or bedrock condition. Assuring proper siting and installation of private sewage systems will prevent contamination of the groundwater. If the soil profile evaluation shows that the private sewage system is installed in unsuitable soils, it is understood that a code complying private sewage system shall be installed regardless of whether a building permit is issued.</p> <p>By signing this form, I state that I am the property owner, I have read the above statement and agree to its conditions.</p>
