

PLAYGROUND PROGRAM

Traditional Drop-Off/In Sites 7 - 12 Years Old

Playground leaders will provide safe supervised activities including sports, games, arts and crafts, nature and more. This program is designed to provide "drop-in" activities for children (if you are looking for childcare we would suggest the Cool School Summer Explorers on page 18)

- At this playground program, attendance is neither mandatory nor enforced - leaders will supervise activities and encourage your child to participate, however, they will not prevent your child from leaving supervised activities if your child desires to do so.
- We ask all parents to discuss with their child when they may leave the playground and their behavior while attending playgrounds.
- We also ask parents to encourage their children to participate in supervised activities within the park to ensure maximum safety.
- In addition to the regular activities everyday, the Summer Playground Program enjoys a rich tradition of special events and field trips on Fridays (you must pre-register. See pages 14-15 for more information). Playground leaders will supervise special events and trips on Fridays and will not provide regular activities at each site.

Rain Policy for traditional playgrounds: If we see lightning, hear thunder, experience heavy rain/wind in the area, the park program will close and children will be asked to leave the area for a minimum of 30 minutes. If the storm continues, the park will remain closed the rest of the day. Please call the information line (262-522-9356) in the event of inclement weather to obtain the most current information. You may want to discuss alternate options with your children in the event of severe weather.
