## **Waukesha County Recycling: *In the Community***

### Recycling Education and Outreach Events

Waukesha (WI) - Waukesha County Recycling staff will be coming to a library near you! Residents can learn how to increase recycling rates that will help conserve resources, create jobs, and save money for communities. Staff will be available to explain plastics and codes as well as discuss what your recyclables are made into. This is a great opportunity for residents to ask questions about recycling and get information on how to dispose of items. For more information, visit [www.waukeshacounty.gov/recycling](http://www.waukeshacounty.gov/recycling) or call 262-896-8300.
