## NVA National Provider Network Directory

INSURED NETWORK - JULY 2022

This provider directory is sorted by City. Simply locate your City and then contact any listed provider in your area. Inform the provider that you have Vision Care Benefits available through NVA. They will then call us to verify your coverage. You should also present your NVA Identification card when you arrive for your appointment.

### HOW NVA BUILDS OUR VISION NETWORKS

The NVA national network of eye care providers includes independent providers, retailers and optical shops that provide routine eye examinations and optical materials. Our members have access to these providers at any time. NVA builds its network based on the availability of providers in any given area and the ability of those providers to meet NVA's credentialing participation standards. Providers that meet NVA's participation standards, receive a contracted reimbursement rate for each service they provide. Providers may agree to accept fixed pricing on non-covered services and materials, which limits members' out of pocket expenses.

Further, between credentialing cycles, as part of our ongoing quality review process, NVA providers are enrolled in the National Practitioner Data Bank (NPDB) ongoing monitoring program, which alerts NVA of any applied sanctions, malpractice cases, or changes in licensure status.

Members are surveyed on an annual basis to assess satisfaction with NVA's vision care network.

### ADDITIONAL MEMBER SERVICES

NVA provides interpreter, language or other assistance services free of charge. To get more information about our providers or about how you can obtain after hours care, please contact NVA by telephone at 1-800-672-7723, 24 hours a day, 7 days a week, or by email at [service@e-nva.com](mailto:service@e-nva.com).

If you obtain services and/or materials from non-participating providers, you must pay the provider in full and submit your receipt to NVA in order to receive a reimbursement according to your plan reimbursement schedule.

### SOURCES OF DIRECTORY INFORMATION

The provider directory listing was current at the time of printing and is subject to change without notice. NVA network providers are the source of the information contained in this directory and they are responsible for its accuracy. Changes received from NVA network providers are typically updated once per day. Providers also have the ability to make updates to their information directly via our website. Exclusions may include system outages, system maintenance or upgrades. This information is subject to change at any time. Should you choose to use a printed version of a directory, please keep in mind the information included is accurate as of the day the directory was printed. The information found through the provider locator on the website at [www.e-nva.com](http://www.e-nva.com) is the most current.

Before making an appointment and/or ordering eyewear, please confirm with the provider that they are still affiliated with NVA.

### DEFINITIONS:

<b>OD:</b>	Optometrist: A healthcare professional who provides primary vision care ranging from sight testing and correction to treatment of many eye disorders.
<b>Optician:</b>	Opticians are technicians trained to design, verify and fit eyeglass lenses and frames, contact lenses (in many states) and other devices to correct eyesight. They use prescriptions supplied by ophthalmologists or optometrists, but do not test vision or write prescriptions for visual correction.
<b>MD:</b>	Ophthalmologist: A specialist in the branch of medicine concerned with the study and treatment of disorders and diseases of the eye.

### SERVICE LEVELS (Svc):

<b>A</b> = Exam & Eyeglasses	<b>C</b> = Contacts only	<b>E</b> = Exam only	<b>G</b> = Eyeglasses only
<b>B</b> = Exam & Contacts	<b>D</b> = Eyeglasses & Contacts	<b>F</b> = Full Service	

### IMPORTANT NOTICE:

Some optometrists affiliated with Optical Retail locations (i.e., LensCrafters, Walmart, Visionworks, etc.) are independent providers and may not participate in NVA program.
