City of Delafield Referendum

Wisconsin Statutes authorize the City of Delafield to assess a fee for fire protection and emergency medical services. A “YES” vote would support the assessment of an annual fee on an ongoing basis to increase fire protection and emergency medical staffing resulting in improved response times. The assessment of this fee will result in a reduction of the property tax levy by \$705,584. A “NO” vote would oppose the assessment of a fee, which would worsen response times due to the continued closures of fire and emergency medical stations. The results of the referendum are binding on the Common Council. A single-family home or residential condominium unit would constitute one (1) emergency service equivalent unit.

Beginning with the December 2023 tax bill that funds the 2024 Budget, should the City of Delafield establish an annual fee on an ongoing basis for fire protection and emergency medical services of not more than \$450.00 for each emergency service equivalent unit and an amount based on square footage for all non-residential parcels, and subject to annual adjustments determined by the Common Council?
