NEW ECONOMIC DEVELOPMENT ORGANIZATION ANNOUNCED Media Tour, Signing Event Kicks Off Partnership

(WAUKESHA, WI) – Today, Waukesha County Executive Paul Farrow is announcing the award of the county’s new Economic Development Organization (EDO) to the Waukesha County Business Alliance, in partnership with the city of Waukesha, and the University of Wisconsin Small Business Development Center.

A signing of the award will take place on Tuesday, May 24 at EmbedTek, LLC., an expanding computer hardware firm. A tour of EmbedTek, located at N7W23700 Bluemound Rd #100, Waukesha, WI, will take place at 9:15 am. The signing ceremony will take place at 10:00 am.

“Waukesha County is proud to award the new Economic Development Organization contract to the Waukesha County Business Alliance. Our work group spent a year researching best practices nationwide, and it’s clear that the Business Alliance will be the best stewards of our plan,” said Waukesha County Executive Paul Farrow.

The new EDO will be a one-stop-shop for local businesses who want to expand in the City of Waukesha and throughout Waukesha County. It will provide workforce, financial, and site selection assistance. It will also provide an organized strategy for connecting businesses with organizations that have the resources to provide that assistance.

“Helping businesses grow is at the heart of what we do at the Alliance,” said Suzanne Kelley, President of the Waukesha County Business Alliance. “Creating a new Economic Development Organization that will be supported and co-located at the Alliance is a natural extension of our mission. We’re excited by this opportunity to further serve the business community and assist companies seeking to grow in Waukesha County.”

Collaboration between all four entities was key in the creation of the mutually beneficial business alliance. The contribution from the city of Waukesha will pave the way for other municipalities to benefit from the new organization.
