2019 BILL

1 **AN ACT** *to amend* 62.23 (7) (em) 1.; and *to create* 62.23 (7) (em) 2e. of the
2 statutes; **relating to:** limiting certain 2nd class cities' ability to designate or
3 regulate historic landmarks.

Analysis by the Legislative Reference Bureau

Generally under current law, a city, village, town, or county (political subdivision) may designate and regulate historic properties to preserve their significant characteristics. Cities may also exercise such authority with regard to archaeological landmarks and, in some cases, a city is required to exercise such regulatory authority.

Under this bill, with regard to properties owned by a certain county, a 2nd class city may not designate or regulate such historic, or archaeological, properties or districts. The bill only applies to a 2nd class city that is located in a county with a population greater than 380,000, which is also adjacent to a county with a population greater than 800,000. If such a city has in effect on the effective date of the bill an ordinance or regulation that regulates such county-owned historic, or archaeological, properties or districts, the ordinance does not apply and may not be enforced.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:
