Funding for the Urban Rural Women's Substance Use Treatment grant was made possible by SABG funding. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health Services; nor does mention of trade names, commercial practices, organizations imply endorsement by the U.S. Government or the state of Wisconsin.

## Women's Health and Recovery Project (WHARP)

[WHARP@waukeshacounty.gov](mailto:WHARP@waukeshacounty.gov)

## What is WHARP?

The *Women's Health and Recovery Project (WHARP)* is for women with substance use disorders and complex needs. A Navigator and a Peer Specialist work one-on-one with women to provide support, meet family needs, and overcome obstacles that would typically be a barrier to women in their recovery journey.

There is no cost to participate, and women do not need to be involved in any Waukesha County care or services.

WHARP is based on a collaborative process with a county-level agency facilitating care coordination, peer support, and collaborative referral to community services.

### Care Coordination

---

- Help with basic needs
- Access and connection to community agencies providing assistance to services including but not limited to:
  - Pre-employment preparation
  - Housing
  - Childcare
  - Transportation
  - Medical/dental
  - Behavioral health
  - Education
- Utilizing trauma, gender, and cultural responsiveness
- Explore wellness activities
- Ongoing strength-based care navigation
- Offered in community and office based setting
- Help to overcome unexpected life events in the woman's recovery journey

### Peer Support Services

---

- One-on-one sessions with someone who has lived experience
- Strength-based support in areas chosen by the woman
- Provide information on community and recovery oriented resources
- Offering effective recovery-based services
- Support multiple paths to recovery
- Help to build social skills in the community
- Lending unique insight into recovery and what makes recovery possible
