Providers participating in the Organized Health Care Arrangement (OHCA) may all use the same electronic medical record to document and review the health care services they provide to you. Your health information will be stored, viewed and shared by your health care providers in an electronic medical record system. When you are treated by any of these health care providers, each provider will use the same electronic medical record to document information about your treatment. Once your information is combined, it cannot be separated. We provide care to our patients in partnership with physicians and other professionals and organizations. Our privacy practices will be followed by:

**Additional Information Pertaining to the Confidentiality of Drug and Alcohol Patient Records:**

Violation of the federal law and regulations by an AODA program is a crime. Suspected violations may be reported to the WCDHHS HIPAA Privacy/Security Coordinator or to appropriate authorities in accordance with
federal regulations. Federal law and regulations do not protect any information about a crime committed by a
client either at the program or against any person who works for the program or about any threat to commit
such a crime. Federal law and regulations do not protect any information about suspected child abuse or
neglect from being reported under state law to appropriate state or local authorities.

Some parts of this general Notice of Privacy Practices may not apply to these kinds of PHI. Please check with the
WCDHHS HIPAA Privacy/Security Coordinator for information about special protections that apply.

Most clients have full access to inspect and receive a copy of their full medical record. On rare occasions, we may
deny a request to inspect and receive a copy of some information in the medical record. This includes
psychotherapy notes or information gathered for judicial proceedings or if, in the professional judgment of your

You may cancel the restrictions at any time. In addition, we may cancel a restriction at any time as long as we notify you of the cancellation and continue to apply the restriction to information collected before the cancellation. We are required to agree to prevent disclosure of your health information to a health plan for the purpose of carrying out payment or health care operations, but only if it pertains solely to a health care item or service which has been paid out-of-pocket and in full. This restriction does not apply to use or disclosure of your health information related to your medical treatment.
