

Care4Kids Flow Chart for Caregivers

The day of placement:

Call the CAC to schedule an Initial Health Screen appointment

24 hour Scheduling Line: 855-371-8104

To schedule a Care4Kids initial health screen - Press 1

If you are calling for a Care4Kids appointment at the Waukesha CARE Center, please press 4

The initial health screen appointment must be 2 business days from the date of placement (i.e. placed 2/1 - child must be seen by 2/3)

NOTE: if child is being discharged from a hospital setting, a 2 day screen is NOT needed.

Schedule the 30 day Comprehensive Initial Health Assessment with a Center of Excellence provider.

To find out if a provider is in network visit the website: **childreschp.com**.

If a child is already seeing a PCP and has a previous relationship with that person, C4K staff understands that this relationship may be important to maintain. The preference is to have the child seen by an insured physician (found on the website – not necessarily only located at a Center of Excellence).
