Families, caregivers, home school groups, scout troops, 4-H and more... supplement your learner's virtual education experience with a planetarium show at Horwitz-DeRemer Planetarium. Each program is 60 minutes in duration. All children must be accompanied by an adult. Face masks will be required indoors.

#### Wilbear's Adventure

**November 4 at 11:00 a.m.**

**November 18 at 2:00 p.m.**

Follow Wilbear, the Teddy Bear, as he wants to fly and discover flight. His grandpa uses demonstrations about the nature of flight to build up to the story of the Wright Brothers' historic first airplane experience.

#### Rusty Rocket's Last Blast

**November 4 at 2:00 p.m.**

**November 11 at 11:00 a.m.**

After decades of teaching the basics of rocket physics, Rusty Rocket has decided this will be his last blast. Still, there is one final mission to command: an introductory tour of the solar system for a new class of rocket rookies, focusing on the wide variety of planetary environments.

#### Two Small Pieces of Glass

**November 11 at 2:00 p.m.**

**November 18 at 11:00 a.m.**

This program celebrates 400 years since Galileo first pointed his telescope at the sky. Don't miss this fascinating look at the incredible contributions to astronomy made by Galileo and the world's greatest telescopes.

#### George and Oatmeal Save Santa

**December 2 at 11:00 a.m.**

**December 9 at 2:00 p.m.**

Santa Claus is missing! Mrs. Claus is worried and asks Oatmeal the snowman to help find him. Join Oatmeal and his friend, George, the planetarium wizard, as they travel the world in search of Santa.

#### Khrumka's Adventures in the Winter Forest

**December 2 at 2:00 p.m.**

**December 16 at 11:00 a.m.**

On their way through the fairy tale winter forest, little Khrumka and his friends watch the Northern Lights, witness the flight of an asteroid, admire the constellations of the winter sky. Thrilling rides, magic and surprises await them on their fantastic full-dome journey.

#### The Solar System Show

**December 9 at 11:00 a.m.**

**December 16 at 2:00 p.m.**

Looking to explore way out worlds? Join us as our delightful students present their spectacular show about the sun, moon, and planets. Climb aboard as we land on sand dunes of Mars, zoom in on the red spot of Jupiter, and fly through the rings of Saturn.
