

# Kearney Elite Hockey Camp Summer 2023

Hello and happy spring to all Kearney Campers. The format has changed a little this year to better serve and accommodate our Elite level playing/thinking hockey players. Instead of running sessions throughout the summer, I've created a weeklong camp schedule with two skates per day specifically designed for ease of development.

The first session each day will focus on technical skill acquisition such as stickhandling, passing, shooting, edge control, skating stride explosivity, and overall technical ability development. The second session each day will focus on team play and the development of one's overall hockey awareness/sense with and without the puck. Both sessions are designed to accommodate all Elite level thinking hockey players in an environment of support, communication, hard work, and fun.
