

Project Summary

Moorland Road (CTH O)
CTH HH to Grange Avenue
Waukesha County
I.D. 2722-08-02/72

Project Overview

The project will add the additional lanes to Moorland Road, between CTH HH (College Avenue) and Grange Avenue to create the planned 4-lane roadway. The roadway will remain on its current alignment and is anticipated to be situated within the existing 130-foot-wide corridor. The improvement project is necessary to address growing local and regional traffic volumes, and to enhance traffic flow and safety.

This 1.2 mile long project limits begin approximately 1000 feet south of CTH HH (College Avenue) and end approximately 1000 feet north of Grange Avenue and will involve addition of 2-lanes, the rehabilitation/reconstruction of the existing 2-lanes to bring it up to current standards and provide the 4-lane section. Improvements may include replacing the existing asphalt/concrete pavement, reconfiguring, and reconstructing intersections to improve safety, replacing older traffic signals, minor grading, and storm water improvements. In coordination with the city of New Berlin, the feasibility for incorporating sidewalks will be evaluated. Access to businesses and property owners adjacent to Moorland Road will be maintained during construction.

Reconstructing this segment of Moorland Road is part of the county's capital program. The project is being built through the Surface Transportation Program (STP). The STP program allows federal funding to be used for a wide range of transportation-related activities, including projects on higher function local roads not on the State Trunk Highway system, and local safety improvements. Waukesha County, WisDOT, and the Federal Highway Administration have committed funds to build the project. The City of New Berlin will participate in funding of sidewalks should they move forward on the project.

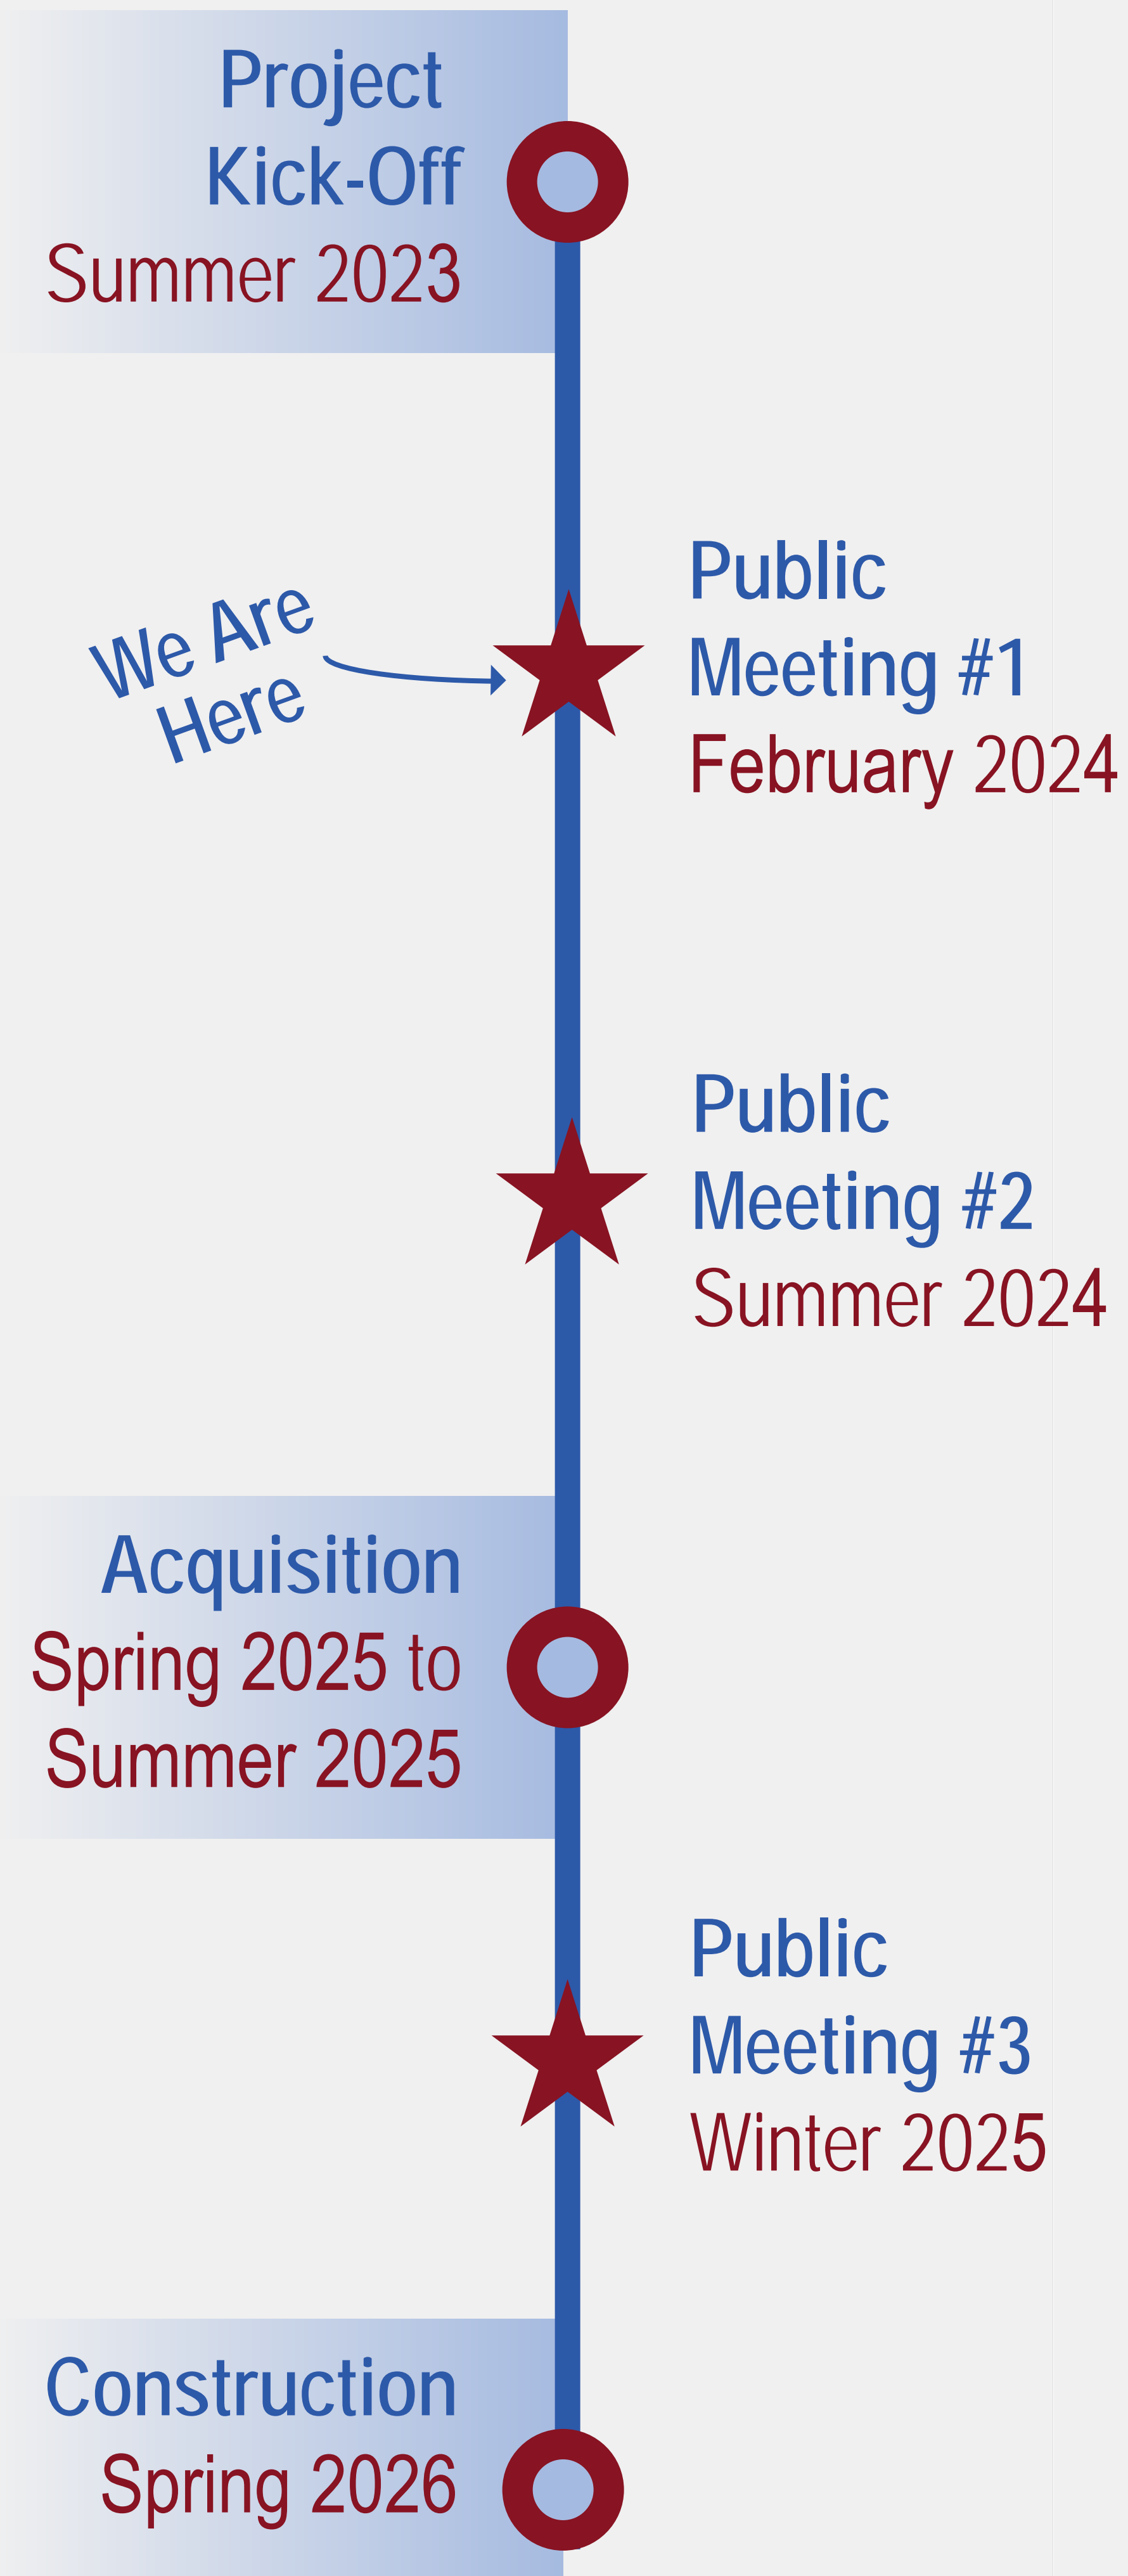

Anticipated Schedule

Data Gathering and Design – Summer 2022 – summer 2024
Public Involvement Meeting #1 – Early 2023
Public Involvement Meeting #2 – Spring 2024
Public Involvement Meeting #3 – Spring 2025
Real Estate – Spring/Summer 2024
Project LET – December 2024
Construction – Spring 2025
