Welcome to the second public information meeting for the CTH C curve at the Hasslinger Drive intersection in the Village of Chenequa and Town of Merton. Waukesha County representatives are here to share the preferred design for this location and to answer questions regarding the improvements being considered.

Please review the exhibits, ask questions, and share your comments, suggestions, or concerns with the project team members.

Written comments are appreciated. Please fill out a comment sheet and leave it with us today, return by mail, or email at the below address no later than Friday March 13th, 2020.

All meeting exhibits can also be found at:

www.WaukeshaCounty.gov/RoadProjects

History

Waukesha County is planning a safety improvement project to address the higher-than-average crash rate at this location. This rural highway intersection has one of the highest collision rates along Waukesha County Trunk Highways.

Waukesha County hosted a public informational meeting in June 26, 2019 to gather input for the community on the planned project. At this meeting, many people expressed concerns about the safety of the proposes project, were concerned about impacts to trees and the surrounding environment and felt that drivers were going too fast at this location. Waukesha County has refined the project plans to best address these concerns, while still maintaining our project goal of addressing the safety at this location.

Proposed

The purpose of this proposed project is to correct apparent causes of collisions and address safety problems along the northbound and southbound directions of this curved segment of CTH C. The plan for this location includes:

1. Realign CTH C with one gradual horizontal curve.
2. Realign and combine Hasslinger Drive, the private driveway, and the private road (Oakland Road) as one common intersection approach.
3. Adjust the CTH C profile along this highway curve for improved intersection area visibility.

Funding Sources

Design and Construction
• 90% budget: Federal Highway Safety Improvement Program (HSIP)
• 10% budget: Waukesha County
• Over budget: Waukesha County 100%

Real estate
• 100% - Waukesha County

Project Schedule
February 2020 Second Public Meeting
Summer 2020 Real Estate Acquisition
November 2020 Complete Design
Spring 2021 Public Information Meeting
Summer 2021 Construction

Thank You
Thank you for attending today’s public information meeting. Waukesha County values your opinions and will take into account your comments as we continue refining the intersection improvements.
