Minooka Park is part of the Waukesha County Park System. This 8,500-acre, natural resources-based system consists of diverse landscapes, high-quality natural areas, a variety of trails, and beautiful lakes, ponds, and waterways.

This 579-acre parcel is located in the City of Waukesha and has a refreshingly tranquil atmosphere with trails that lead you farther from the city and further into nature.

It is well known for its dog exercise area and mountain bike trails. It is also a top nature viewing spot. Catch a glimpse of the abundant spring ephemeral wildflowers or the variety of songbirds, such as flycatchers, hooded warblers, and scarlet tanagers.

See the scenic fall colors as stands of blazing deciduous hardwoods burst into their autumn reds, yellows, and oranges. In winter, the Park becomes an outdoor enthusiast's frosty paradise with miles of groomed cross-country ski trails and a spacious sledding hill.
