If you have a time share legal description and want to search for documents recorded prior to 1994 that are not yet indexed, you can utilize the Olympia Resort Time Share Index located on our website. As of the creation of this procedure, Waukesha County only has had one time share (Olympia Resort) and it is currently dissolved.

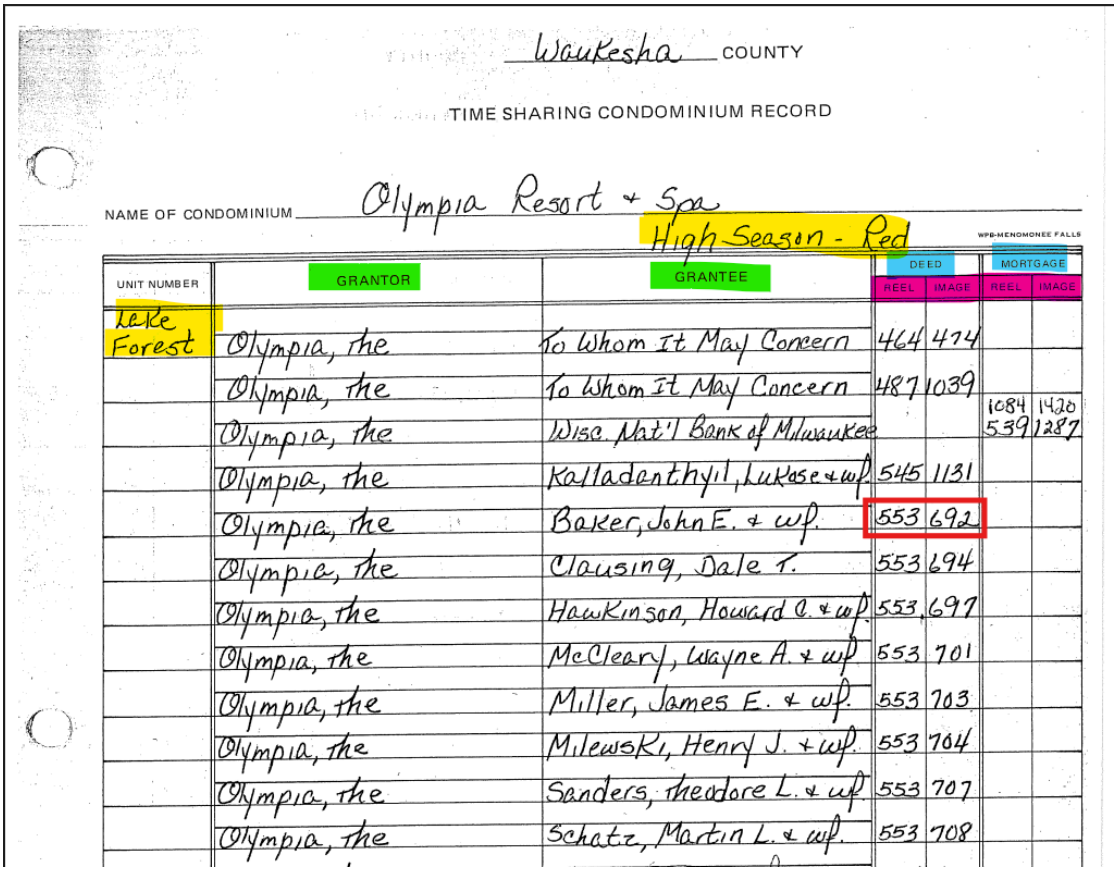

1. Go to the Olympia Resort Time Share Index page on our website:

2. Scroll down to where the Olympia Resort Time Share Index is linked and click to open. There is only one index document that shows postings for time share information.

3. This index shows postings from 1981-1994. The document is organized by the legal description information (Unit Type and Season) so it is really most useful if you already know which information you are searching for when starting. The index shows Grantor and Grantee, and also separates documents be Deed or Mortgage volume. The documents are listed by their Reel and Image pairs, so those are what you would note if you find the document you want to search in the land records system (Reel 553 Image 692 in this example).

Waukesha COUNTY

TIME SHARING CONDOMINIUM RECORD

NAME OF CONDOMINIUM Olympia Resort & Spa

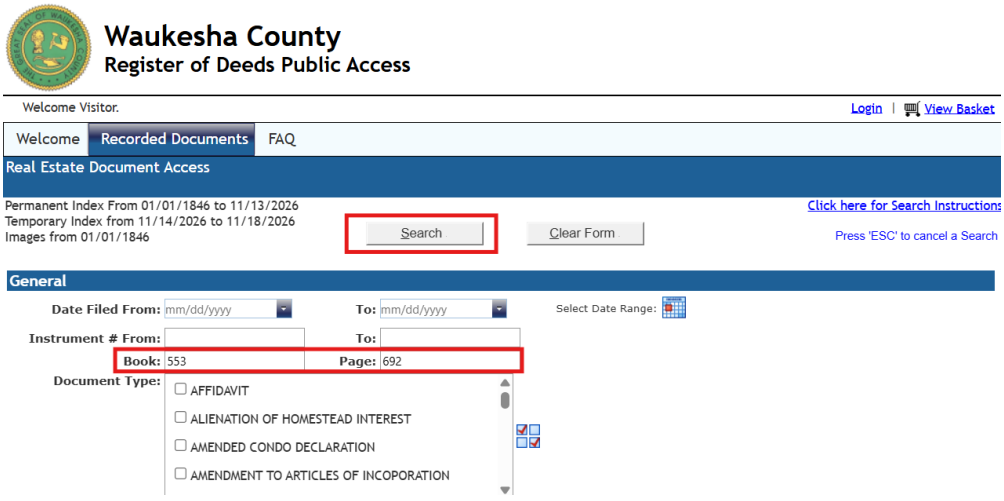

High Season - Red

FAQ
Step 1
Review Items
Step 2
Enter Payment
Step 3
Receive Items
By clicking 'Check Out' below, you will be taken to a 3rd party payment provider to enter your payment information.
DO NOT use "print receipt" after entering payment information. As long as you enter a valid email address, you will automatically receive a receipt. Using print receipt will prevent you from reaching the document delivery screen. We are working with the vendor to correct this issue.
When that process is complete and payment notification is received, you will be returned to this site to receive your documents. Documents are delivered in PDF.
