

Project Summary – April 17, 2026

CTH F and Busse Intersection
HSIP Project
Waukesha County
Project I.D. 2450-05-02/72

Project Overview

County F (Redford Blvd) is a four-lane undivided roadway with an AADT of 22,000 vehicles per day (2022). The roadway is a major commuter route between I-94 and downtown Waukesha.

The proposed project will provide reconstructed traffic signals with vertically stacked overhead traffic signal indications centered over each thru lane, retroreflective backplates, monotube traffic signal arms and flashing yellow left-turn arrows will be installed. The northbound left-turn lane will be realigned. A new southbound right-turn lane will be constructed.

Anticipated Schedule

Design – Summer 2026 to Summer 2027

Project LET – December 2027

Construction – 2028
