Subject: **Public Involvement Meeting Notice**

RE: ID 2818-05-01
V Mukwonago, CTH NN
CTH EE to STH 83
Waukesha County

To Whom It May Concern,

Waukesha County has contracted with engineering consultant, raSmith, for the design of improvements to the County NN intersections with County EE and Fairwinds Blvd. The project includes installation of new monotube traffic signals at the County EE and Fairwinds Blvd intersections, signing, pavement marking, and traffic signal retiming.

This letter is to inform you of an upcoming Public Involvement Meeting to discuss proposed improvements. This meeting will be held at **Mukwonago High School, 605 W Veterans Way, Mukwonago, WI 53149 on Tuesday, April 28, 2026, from 4:30 pm to 6:30 pm**. The meeting will follow an open-house format where you may attend at any time between those hours.

The intent of this meeting is to identify project needs, present potential solutions, and discuss possible impacts. As stakeholders, your views are important to the design process. The project team wants your feedback. At the meeting, we encourage you to review the proposed improvements and share your thoughts using the comment form provided or by speaking with a design team member. Project staff from Waukesha County and raSmith will be present to answer your questions. The project is tentatively scheduled for construction in 2027.

If you have any questions, or if you cannot attend the meeting but would like to find out more about the project, please visit the Road Projects and Closures webpage at <https://www.waukeshacounty.gov/public-works/road-projects-and-closures/>. Meeting materials will be available on the website ahead of the meeting, including the comment form.
