**PORTION OF COUNTY TRUNK HIGHWAY E TO CLOSE BEGINNING TOMORROW**

*Portion of the road is located between CTH Q and Hartley Road in the Town of Merton*

**Waukesha, WIS.** – Waukesha County’s Department of Public Works will close a portion of CTH E, located between CTH Q and Hartley Road, starting tomorrow, January 18<sup>th</sup>. A regular bridge inspection recently determined the bridge can no longer safely carry highway traffic.

A detour will be posted. From the south, drivers should take Hartley Road northeast to CTH Q, then take CTH Q west back onto CTH E. From the north, drivers should take CTH Q east to Hartley Road, then take Hartley Road southwest back to CTH E.

The Department of Public Works has scheduled the structure to be replaced later this year. In the meantime, safety repairs are being evaluated to determine if the roadway can be opened prior to reconstructing the bridge.
