"[Alcohol Treatment Court] addresses a serious problem in a different way. Instead of just incarceration and fines, it made me accountable for my actions and forced me to see how my actions affected others in the community."

Alcohol Treatment Court Client

Day Report Center Client

"I can walk down the streets now and feel proud because I am doing something about my situation, and that I am giving back to the community, and getting the newly gained respect from people of the community."

Community Service Options Program Client

"I have been in and out of the system a couple times. This program has been just what I needed. My case worker is always asking if there is anything she can do to help. I have really changed for the better. Now I want to help others who are struggling as I did. I think the courts should place people under this program instead of jail."
