What is Citizens' Academy?

The Waukesha County Citizens' Academy was established in 1995 and provides opportunities for citizens to learn more about the operations and duties used by Sheriff's Deputies to keep the community safe.

Lectures, field trips, ride-alongs and activities similar to real police training are used to educate and provide citizens insight into the job functions of the Sheriff's Department.

The program also fosters a growing pool of well-informed graduates who share their knowledge and insights with others and become active participants in preventing crime.
