Sex Offender Release

The Waukesha County Sheriff's Department and the City of Waukesha Police Department have been working with the Department of Corrections-Probation and Parole Office regarding the anticipated release of STANLEY R. BLODGETT (M/W DOB 03/23/1945) to the community. Blodgett will be released on Tuesday, November 22, 2016 and will be homeless. Blodgett will be required to complete a face-to-face registration at the Waukesha County Sheriff's Department and City of Waukesha Police Department. Blodgett will be a lifetime sex offender registrant and also on GPS monitoring. If he violates the terms of his lifetime registry or GPS conditions, he will be taken into custody.

Blodgett's convictions were in 1963, 1981, and 1996. In 1996, he was convicted of 1st degree sexual assault of a child. We want to make sure that the community remains vigilant and ensure they fully understand the seriousness of this offender, especially since he will not have permanent housing upon release. He will be required to make regular contact with his assigned agent, advising them of his locations. This will also be verified through the use of GPS. He will be required to meet with Wisconsin Department of Corrections extensively upon his release.

With the increase in the number of homeless offenders upon release, citizens are encouraged to go to the Wisconsin Department of Corrections website for more information. This allows for searches by name and zip code, and also allows community members to sign up for email notifications. By signing up for email notifications, citizens will be provided with current residence locations of offenders. The website for DOC-Sex Offender information is:

<http://offender.doc.state.wi.us/public/>

Mr. Blodgett has served the prison sentence imposed on him by the courts. **He is not wanted by the police at this time. This notification is not intended to increase fear, rather, it is our belief that an informed public is a safer public.**

Sex offenders **have always** lived in our communities; but it wasn't until Act 440 (June 1997) that law enforcement is now able to share this information with the community. Citizen abuse of this information to threaten, intimidate or harass registered sex offenders will not be tolerated. Please understand that such abuse could potentially end law enforcement's ability to do community notifications. We believe **the only person who wins if community notification ends is the sex offender**, since sex offenders derive their power through secrecy.

Any questions can be directed to the Waukesha County Sheriff's Department. For specific questions on offenders, please contact Probation & Parole at (262) 521-5132.
