

PROPERTY OWNER'S STATEMENT: The undersigned hereby makes application for a permit to construct an animal waste facility on the property herein described. The work is to be performed as described in the attached plan. The undersigned agrees that all such work shall comply with all applicable animal waste facility standards outlined in Standards 425 and 313 of the USDA Soil Conservation Service Technical Guide, with all other applicable Waukesha County Ordinances, and with the laws and regulations of the State of Wisconsin. Facilities for which permits are issued shall be operated and managed in accordance with Standard 633 of the Technical Guide.

The undersigned also agrees to certify in writing, upon installation of the facility, that the facility was installed as planned. Deviations from the original plan must be reviewed and approved by the Waukesha County Land Conservation Committee staff prior to installation.

- PERMIT CONDITIONS: All permits issued under this Ordinance shall be issued subject to the following conditions and requirements:
- Animal waste storage facility design, construction, management, and utilization activities shall be carried out in accordance with the animal waste facility plan and applicable standards specified in Section 4.00 of this Ordinance.
 - The permittee shall give ten (10) working days notice to the Committee staff or Zoning Administrator before starting any construction activity authorized by permit.
 - Any modification to the approved animal waste facility plan shall be approved, within a maximum of thirty (30) days in writing, by the Committee staff or Zoning Administrator and a copy of said modification shall be forwarded to the Zoning Administrator.
 - A registered professional engineer or person with SCS engineering job approval, shall certify in writing that the facility was installed as planned.
 - Activities authorized by permit shall be completed within one (1) year from the date of issuance. The Zoning Administrator may extend the permit for six (6) additional months upon showing of cause why the project cannot be completed within the allotted time.
