

Water Education for Teachers

Project WET training session

Tuesday, August 21 from 9:00-3:00

Registration at 8:45

At Retzer Nature Center

S14 W28167 Madison St.

Waukesha, WI 53188

\$20.00 Course Fee

Life cannot exist without water and Project WET (Water Education for Teachers) is all about water! Project WET was designed and tested by teachers to be a supplement to regular curriculum. To join with others using project WET, come spend a day at Retzer Nature Center:

- Learning how to use the 90+ hands on learning activities
- Sharing ideas and tips with other teachers
- Learning about finding and utilizing local program resources

The \$20 workshop fee covers all program materials, morning break and beverages, and the project WET guidebook—please bring your own bag lunch.

Call Waukesha County Parks at 262-548-7801 to register

Please register by August 14th, 2011

For an additional fee of \$90 you may receive one graduate credit for this class through Viterbo University. This will require attendance at an additional day of class on August 22nd from 9:00 to 12:00 as well as the completion of some assignments. If you are interested in the graduate credit, please indicate that at registration. A minimum of 5 people will be required to make the credit class available. The \$90 fee will be collected on the first day of class and should be payable to Viterbo University.
