Spring Sale & Workshop Event

May 7 ♦ 9 am - 1 pm
Rain or Shine

FREE Workshops:

Home Composting Workshop 9 - 9:30 am & 10:30 - 11 am

Learn how to create your own compost, how to use it, and about different bin styles to build or buy. Find out the Top 10 Reasons to compost! Discover the secrets of healthy soil for beautiful lawns & gardens and the role compost plays.

Native Plant Landscaping 9 - 9:30 am & 10:30 - 11 am

Discover the best way to bring natural planting to life on your property. We'll cover the pros and cons of different approaches to planting, what your plant should look like in one, two, or three years, if it is better to group plants or set them apart, if you can you just leave plants alone and let nature take its course, what kind of plants work with your soil, and we'll even touch on seedings. If time allows, we'll head outside to compare and contrast different transplant beds.

Rain Gardens and Rain Barrels 9:45 - 10:15 am & 11:15 - 11:45 am

Rain barrels have been used for many generations. Discover how they can actually help restore a more natural water flow while saving you money. Not only will we explore how to install rain barrels, we'll learn about rain gardens, too! Find out what rain gardens help accomplish and how. Rain gardens and rain barrels can be a beautiful solution to water pollution.

Native Wildflower Walk 9:45 - 10:15 am & 11:15 - 11:45 am

Join Retzer naturalist for a half-hour up-close-and-personal exploration of some of our native wildflowers in their native habitat. See newly-blooming wildflowers growing along the trail as we discuss these fascinating plants and how they live. Come away with an admiration for these hardy perennials as they make their way in the springtime forest ground-layer.

One Day Only!
