

### Trash

Waukesha County does NOT do pickups of any type, whether it be trash, recycling, or bulky items.

Pickup services for both trash and recycling are a local issue as each village, town and city in Waukesha County selects their own hauler and their own type of curbside service.

If you have excess trash or any trash-related questions, please call your hauler. If you don't know who your hauler is, call your local municipality. If your hauler will not pick up your type of trash, there are 2 privately-owned landfills in the County (both have minimum fees):

Advanced Disposal (Emerald Park) Muskego 414-529-1360

Orchard Ridge (Waste Management) Menomonee Falls 262-253-8440

### Waukesha City residents ONLY

The City drop-off site at 750 Sentry Dr. will accept most but not all trash for a fee; some type of ID verifying city residency is required. Please call 262-524-3600 for more info.
