Dear Mr. Delwiche,

SCS Engineers (SCS) has reviewed data associated with the Former Firestone Property located at S73 W16437 Janesville Road, Muskego, Wisconsin, and believes that it meets the risk criteria for a "Medium Risk Site" as defined under Wisconsin Administrative Code, Chapter NR 746.03.

It is our understanding that regulatory jurisdiction for sites that meet the medium or low risk criteria should be transferred to the Wisconsin Department of Safety and Professional Services (WDSPS). Prior to requesting case closure, SCS requests that regulatory jurisdiction for the subject property be transferred from the Wisconsin Department of Natural Resources (WDNR) to the WDSPS.

If you have any questions regarding this site, please do not hesitate to contact Chris Valcheff or Tyler Munson at (608) 224-2830.

Thank you,
