

Waukesha County UW-Extension

UW-Extension

works with residents,
small businesses,
local government and
community based
organizations in
Waukesha County to
identify and address
immediate and long
term educational
needs.

Building Strong Communities

- **Engaging people in life-long learning**

We reach over 40,000 seniors, adults, youth and families through face to face educational programs in horticulture, parenting, nutrition and community development.

- **Developing economic opportunity**

We focus on entrepreneurship; preparing youth for college; Science, Technology, Engineering and Mathematics (STEM) programs for youth; strategic planning and adult continuing education to create economic potential for our businesses and workforce.

- **Extending leadership capacity through volunteers**

We train and work with over 1,400 volunteers annually. Our volunteers expand UW-Extension's outreach to the community by contributing over 52,000 volunteer hours each year.
