

OKAUCHEE LAKE MANAGEMENT DISTRICT

November 9, 2015 -- 7 P.M.
Town of Oconomowoc Town Hall
www.olmd.org

SPECIAL MEETING AGENDA

1. Call to Order
2. Roll Call
3. Discuss & Act on an Amendment of the Current Budget to Authorize the Expenditure of \$100,000 from the Land Purchase Set Aside Fund to Provide Funds to the Town of Oconomowoc for the Purchase of Land Adjacent to West Lake Drive to be Used to Improve the Water Quality of Okauchee Lake
4. Adjournment

The purpose of this amendment is to provide financial support to the Town of Oconomowoc. This will assist in purchasing land adjacent to the West Lake Drive project to construct a water quality improvement pond. The pond and other road improvements will reduce the amount of sediment and nutrients entering Okauchee Lake by as much as 77%.

The Town of Oconomowoc has built a multi-faceted, water quality improvement system into the reconstruction of West Lake Drive. Improvements include a series of catch basins and drop structures that will remove sediments and nutrients from other portions of the road reconstruction project. The velocity of stormwater flows into Bay Five will be reduced significantly. The OLMD board believes that contributing funds to these extensive efforts are warranted and will achieve long-lasting improvements for Okauchee Lake.

There will be no additional charges to the property owners. Funds will come from the designated Land Purchase fund.
